Software Developer

Bay Area, California • +1-234-456-789 • professionalemail@resumeworded.com • linkedin.com/in/username

Software developer with experience building both the front-end and back-end of web apps as well as mobile applications. A former educator/nonprofit leader who has overseen large-scale projects and supervised 50+ team members. Transitioning into a software development role after completing a 9-month intensive full-stack development program.

WORK EXPERIENCE

Resume Worded Non-Profit, New York, NY

November 2015 – Present

Senior Business Analyst *(January 2020 - Present)*

- Promoted within 12 months due to strong performance and organizational impact - ahead of schedule by 12 months
- Led the transition to a paperless practice by implementing an electronic booking system and a faster, safer and more accurate business system; reduced cost of labor by 30% and office overhead by 10%
- Spearheaded a major pricing restructure by redirecting focus on consumer willingness to pay instead of product cost; implemented a three-tiered pricing model which increased average sale 35% and margin 12%
- Coached 30 summer interns and launched a mentorship program for new joiners in the Berlin office
- [Recruiter Notes: If you have accomplished a lot at one company and have more than 6 bullets, split them up into two different job titles at the same company, like in this example]

Data Analyst *(November 2015 - January 2020)*

- Identified steps to reduce return rates by 10% resulting in an eventual \$75k cost savings
- Decreased uninstallation rate by 40% by introducing an interactive tutorial at app launch

Resume Worded Corp, Denver, CO

January 2014 – October 2015

Marketing Analyst

- Designed and optimized digital marketing campaign on Google AdWords; led to 20% increase in ROI
- Managed redevelopment of internal tracking system in use by 125 employees, resulting in 20+ new features, reduction of 20% in save/load time and 15% operation time
